

KÉVIN

TURPIN

FULL STACK DEVELOPER

WEB MOBILE

> whoami (Profile)

Summary: Full stack web and mobile developer with 4 years of experience: REST APIs in PHP / Symfony, React / TypeScript back-office and React Native / Expo mobile apps, running in production on a B2B SaaS.

Into computers since childhood, curious and always learning; commitment and ambition drive every project I work on.

Location: Le Tampon, Réunion Island (France)

Phone: +262 693 84 87 12

> toolbox (Skills)

Languages:

- PHP (8.x)
- JavaScript / TypeScript
- SQL (MySQL, PostgreSQL)
- C# / Python

Frameworks:

- Symfony / Laravel
- React JS
- React Native / Expo
- Node.js / Express
- Tailwind / NativeWind

Tools:

- Git / CI-CD AWS CodeBuild
- Sentry (monitoring)
- Doctrine / Messenger
- Redux / React Query

Testing & quality:

- PHPUnit / PHPStan
- Jest / Vitest
- Playwright (e2e)

* Procedural & Object-oriented

> history (Work experience)

Full Stack Developer - Fleetee (Jul. 2024 - present)

Multi-asset rental management SaaS · **4,000+ commits** across 7 projects · **250+ tickets** resolved · positive customer feedback

REST API (Symfony / PHP 8, MySQL, PostgreSQL)

- **Factur-X e-invoicing** (SuperPDP): e-invoicing / e-reporting routing, retries & catch-up, status webhooks, SIREN / VAT / IBAN validation, VAT regimes
- **Generic export engine:** data exports, accounting exports, cash journal (custom serializer, zip, retry cron)
- **KPIs & dashboard:** PostgreSQL KPI projections, per-vehicle profitability
- Deposits & payments: **PayZen, Swikly, Gando**
- Mobile / API sync: idempotency, locks, DTOs

Fleetee Manager (React / TypeScript back-office)

- Widget dashboard, migrated every list to V2 (bookings, claims, invoices, customers...)
- Company switching, incident reports, customer reviews, notifications (reports, signed contracts)

Fleetee Check (staff app, React Native / Expo)

- **V3 rewrite:** design system, i18n, React Query, offline queue, push notifications, Expo 51 to 57 upgrade
- Simplified vehicle preparation / inspection, return fees, Face ID / fingerprint login

Keyrent (Keyless) & Fleetee Web

- Customer accounts, redesigned check-in / check-out inspections (+ Node.js PDF generation service)
- Automatic branch update from the Keyless device, real-time overage tracking, customer reviews

Web Developer - Fotokabine / Zotphoto (Sept. 2022 - Nov. 2023)

- React / Symfony back-office: documentation, backups, **CRM API from scratch** (cost reduction)
- Canvas-based visual customization tool (PHP + JS, faster and automated)
- Zotphoto (WordPress): QR code scanning for pickup points, automated reminder emails
- Sysadmin: Debian servers, NUCs, C# desktop client, printers, remote support

> sudo hobbies (Interests)

- Coding!
 - Creating, building, rethinking things, electronics (Arduino)...
- Music
 - Listening, playing guitar, recording
- Nature
 - Hiking, exploring, observing
- Documentaries
 - Popular science, tech reviews
